

INITIATION AFRICA!

WITH VICTORIA MORE AND SARAH NISSE
MPUMALANGA PROVINCE, SOUTH AFRICA
NOVEMBER 6 –18, 2018

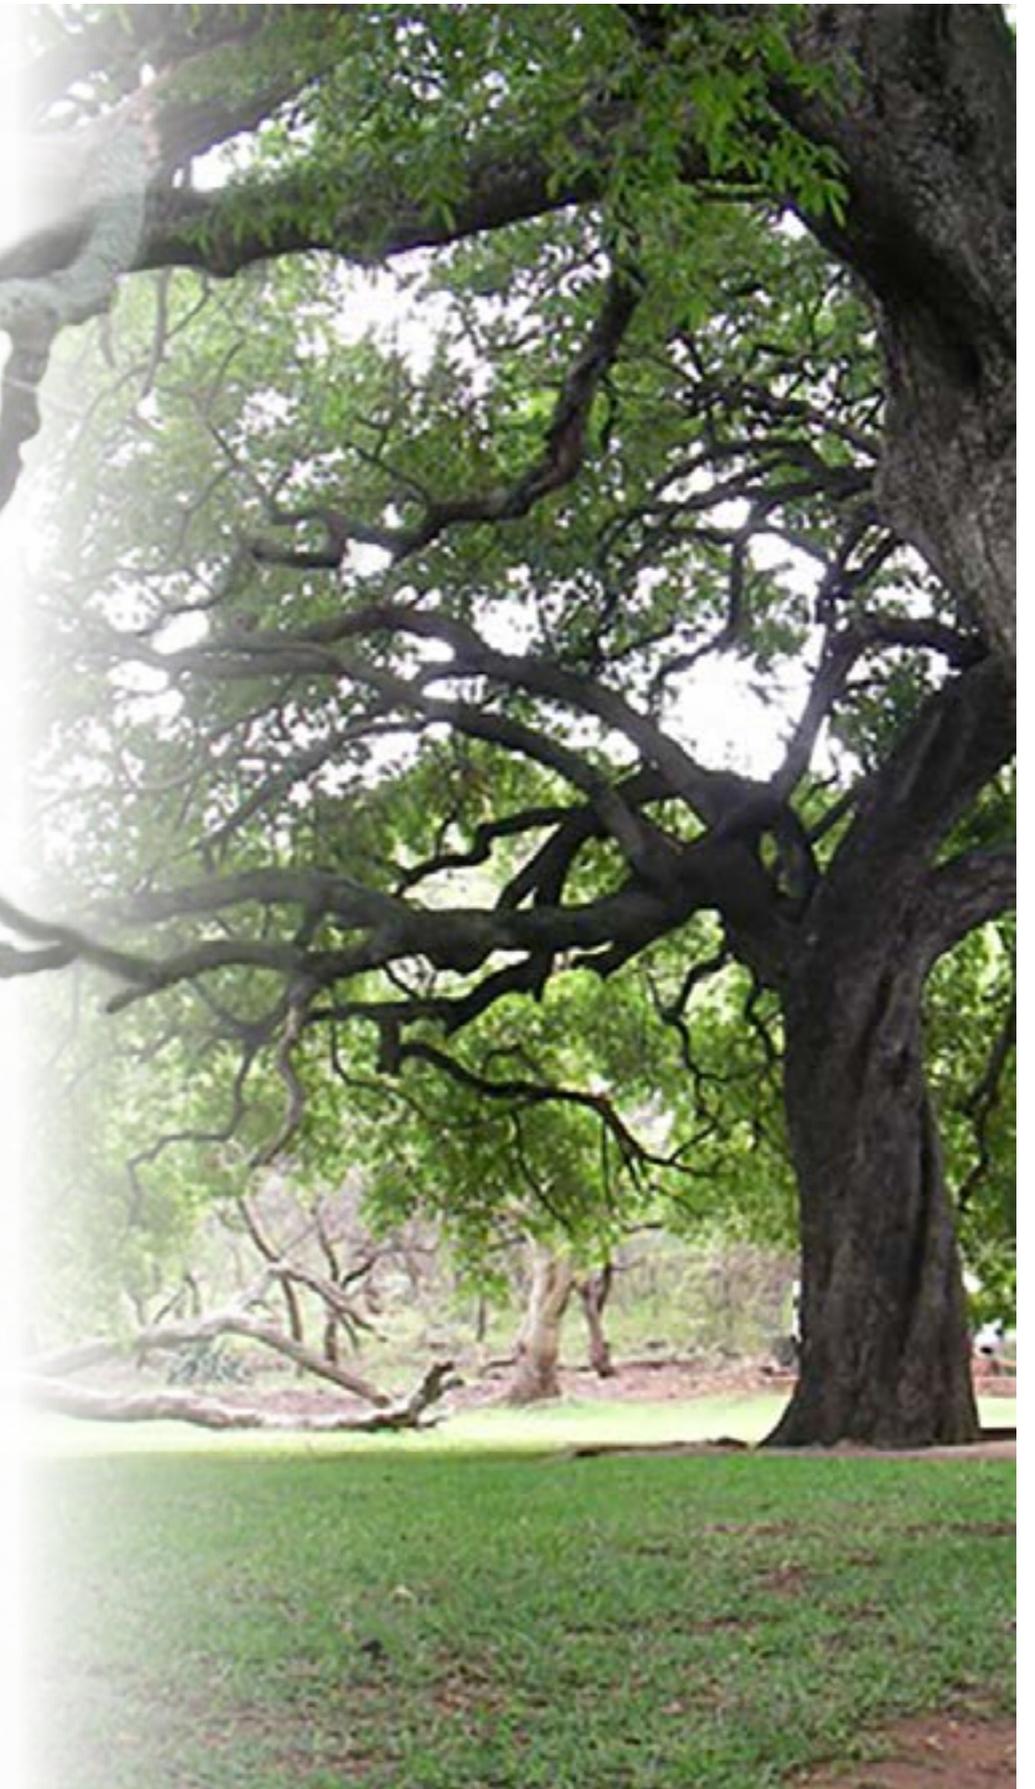

Are You Ready to Embrace these powers with me?

In early 2015 I received a call from Spirit. This call was in the form of an ever growing craving in my soul, a yearning to "just go" without knowing where the funds were coming from or how the journey would unfold. This call was asking me to embark on a journey to a continent I had only ever dreamed of stepping foot on — Africa. Within months, the Universe worked its magic and before I knew it I was on a plane to a very sacred and powerful place: the base of the Nilotic Meridian in South Africa.

Upon stepping on her soil, I sobbed. At the time I could not identify all of the feelings and magic flowing through me, but I knew that this wondrous land was full of enchanting powers and miraculous events. I was home. I was finally in my Soul's Place. I immersed in the energy of this Mother Land for 10 days. Each day held a different initiation, a thinning of the veil, and a breakdown of all I thought I had ever "known" as it now transformed into what I always knew: that this was the place which merged the frequencies of Heaven and Earth.

During those 10 days I was approached by group of beings, whom I have dubbed "The Creationaries". They showed me my work in Africa, they showed me that I would be bringing people there to REMEMBER their true power and connection to the universe. They invited me to open those whom I brought to Africa to the initiations, secrets, and mysteries of the connections between Earth Wisdom and Star Wisdom. It is with pride and pleasure that I invite you to join me in this vast terrain of Sacred Soil. Are you ready to embrace these powers with me?

~ Sarah Nisse

*“Once you have walked upon Mother Africa,
your life will never be the same.”*

Towards the end of my first visit to South Africa in 2000, there was a *moment*, when I became ecstatically aware of this profound truth.

As I felt the sandy earth crunching beneath my feet, the wind gently caressing my skin, the blazing sun dappled by the luxuriant foliage above, and heard the sound of the nearby river rushing by, I knew that I was being completely held in and by a full sensory experience of vibrant connectivity that I had never before touched in this life. I knew in that moment that my life had been radically and permanently altered. Mother Africa had worked her magic on this deeply sensitive, highly attuned and mystically inclined Soul. She invited me to come down from my refuge in the transcendent and live in the vast mystery of full embodiment.

I accepted her invitation fully and ultimately ended up making my home on African soil, half a world away from all I'd known before. My life, indeed, has never been the same. It is my great pleasure to offer this opportunity to those who feel this *call of the wild*. Meeting Mother Africa's ancient, earthy presence will ignite your soul deeply and permanently. As the cradle for humanity's galactic connection,, she creates life-changing transformation for all who receive her into their hearts.

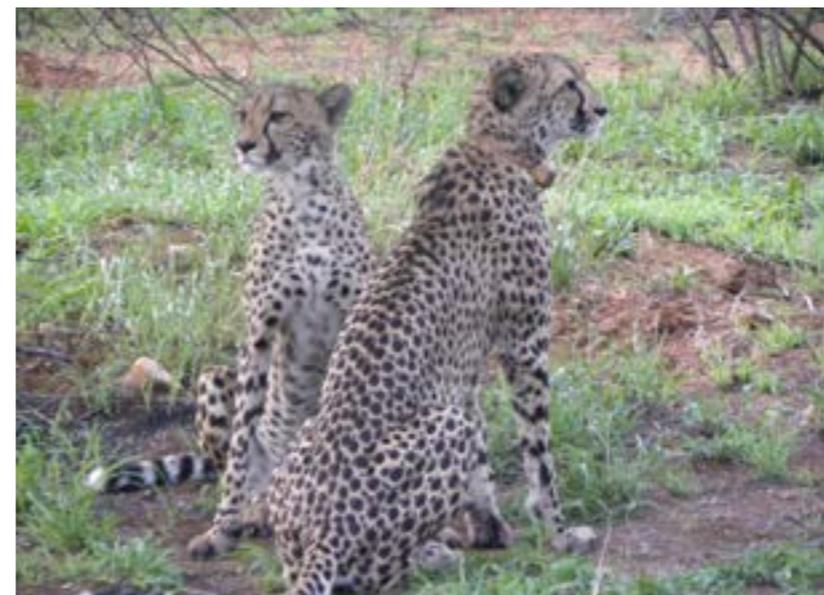

~Victoria More

Sarah and Victoria are offering an exquisite and profound twelve day initiatory journey in the northeast corner of South Africa. We will travel to and and experience multiple places of intense spiritual power, renewal and primal, natural beauty.

Most of the sites we visit are on the Nilotic Meridian, a significant meridian that runs the length of Africa. Many mystical places such as the Giza Plateau, the Temples on the Nile, the Great Zimbabwe ruins, and Timbavati, the birthplace of the White Lions, lie directly on this meridian, as does the nearby Blyde River Canyon.

The South African bushveld is an extraordinary place, unique in the world; where the virgin bush is so vast and untamed that there are more animals than people. In this energy there are very few thought forms, which fosters deep meditations and a great relaxation of mind, body and spirit. One can let go into the enormity of the inner and outer landscape and to experience the mystical nature of the land and animals. It is difficult to describe and needs rather be experienced. We call it the *African Dreamtime*.

Entering into the African Dreamtime triggers a radical dissolution of the separate mind and an awakening of inner silence, unity and interconnectedness with the vast web of life. This is one of the great gifts that Mother Africa offers to visitors from the Western world.

Those that come for this experience are brought to an inner core of stillness and reconnection with something ancient and primeval within. Coming *home* in the truest sense.

Highlights Include:

THE KRUGER NATIONAL PARK

One of the world's greatest natural wonders, the [Kruger National Park](#) is a fenced-in area about the size of New Jersey, formed over a century ago to protect and preserve the animals and virgin bush.

Our accommodation in the Kruger Park is the Talamati Bushveld Camp, a private camp set in rich grassveld that gives visitors magnificent views of the large and diverse herds of grazers. It is an ideal location for our group to experience a deep connection with Africa's wildlife away from the crowds that frequent the larger public camps.

Our lodging will be comfortable, our meals catered by our own chef, and we will enjoy early morning and afternoon game drives in an open-topped vehicle accompanied by an experienced guide who will share expert knowledge of the regional flora and fauna.

The open verandahs of our comfortable cottages will provide for excellent game viewing and sightseeing right from your doorstep.

Some of the animals to be seen in the area are Giraffe, Kudu, Eland, Impala, Zebra, Rhino, Buffalo, Lion and Hyena.

Animal activity at the water hole is a 24 hour experience so we can keep an eye out after sunset to spot some of the more elusive nocturnal wildlife coming to take a drink from the camp watering hole.

We will spend two nights here for an opportunity to merge with the *animal dreamtime*.

KAAPSEHOOP AND "UMAZI SUKAZI"

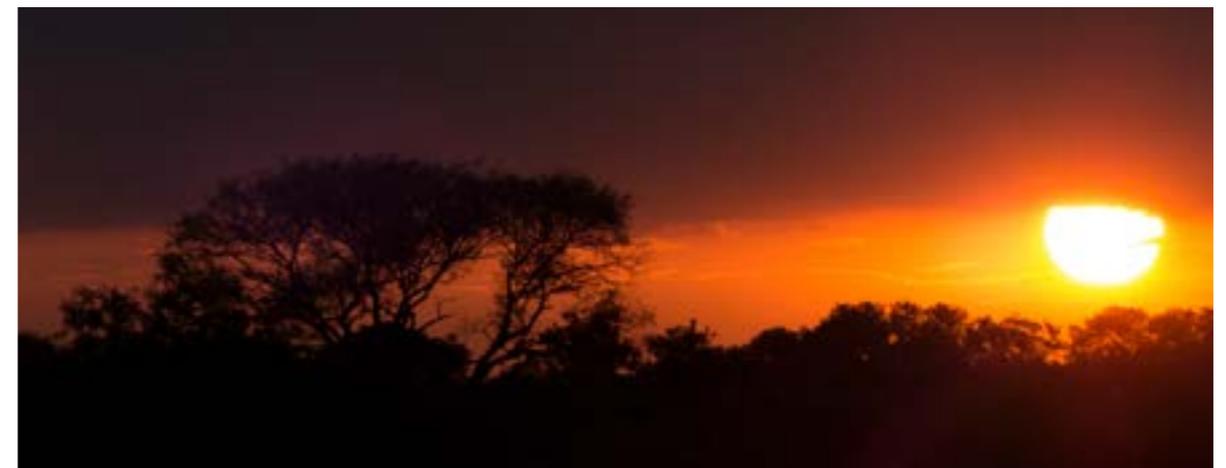

We will spend two days in Kaapsehoop, a little town with an alpine feel, high in the Drakensberg mountains. It is home to the famous wild (but friendly) horses and the ancient mystical area popularly known as "Adam's Calendar."

"The African nature transformed me very gently. By observing the harmony, respect, flow and playfulness of the bushveld, I remembered how to be natural again.... I now feel that daily life is a great safari, leading me on adventure and unfolding its teachings in each moment."

— Violetta, Switzerland

Here we are able to immerse in the earth and star energies while being grounded and held by the local equine guardians. The wild stallions are amazing; both beautiful and wise.

ANIMAL COMMUNICATION

Africa holds a majestic field of openness and oneness that allows both animal and human to connect clearly and openly without debris or distraction. The Animal Kingdom in Africa is thriving with very powerful beings whose entire purpose here on Earth is to bring education, healing, activation and compassion to us.

It is with profound pleasure what we introduce you to this incredible field of interconnectedness and magic. You will have the opportunity to commune with many different creatures while on your journey here, and we can guarantee that the deep messages they relay will resonate with you for decades to come.

WHITE LIONS

We will spend two nights with the [Global White Lion Protection Trust](#) (GWLPT), founded by friends, Linda Tucker and Jason Turner. The rare, endangered white lion is revered by native Africans as the most sacred of all animals and this rare opportunity gives a firsthand experience of these sacred beings in their home.

The GWLPT's mission is to protect white lions, which are at great risk from aggressive speed-breeding programs and trophy hunting, and to help preserve the indigenous knowledge that holds them sacred.

Victoria and Sarah both support the GWLPT's reintroduction program

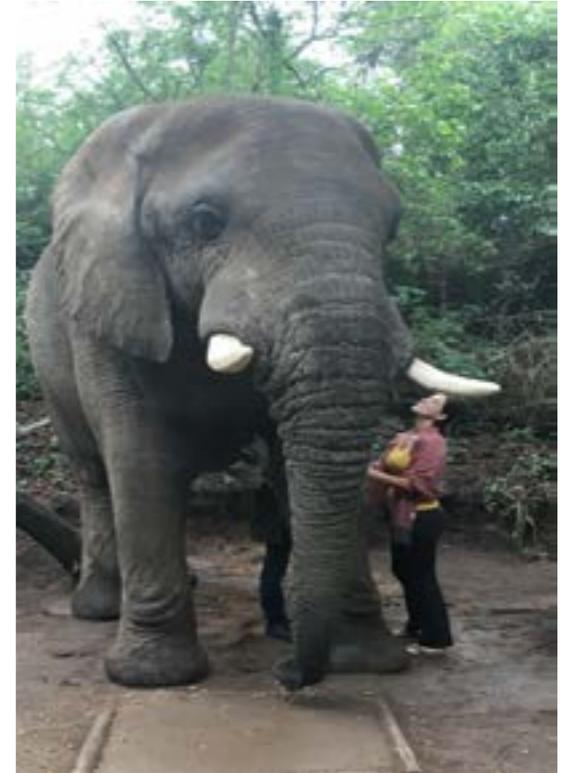

and Victoria has worked for many years in collaboration with them to fund this project.

We will have the opportunity to meet and experience these extraordinary and sacred beings in their natural habitat as the three prides occupy several hundred hectares of natural bushveld.

Our time will include multiple drives to be close to these amazing beings whose transmissions are like nothing else on the planet.

They are truly star beings who transmit galactic frequencies that ignite within those who are ready, stunning insights and experiences.

Both Sarah and Victoria have deep and personal connections with their friends Zihra, Nebu, Zukara, Matsieng, Letaba, Regeus, Cleopatra, and more.

You will come to know them as intimately during our time in their sacred vibration and your life will be inevitably graced by their presence of unconditional, cosmic love.

While our accommodation at the GWLPT is a bit rustic, the opportunity to sleep on sacred white lion land, fully engulfed in the transmission of their presence is something you will never regret!

BLYDE RIVER CANYON—VICTORIA'S AFRICAN HOME

For three days of our pilgrimage we will be based at the beautiful [Blyde River Canyon Lodge](#). The lodge is in the Blyde River Botanical Reserve, which is situated at the mouth of the spectacular Blyde River Canyon, the third largest canyon in the world. We are near the small town of Hoedspruit, in Limpopo Province. The Blyde River, which translates as "Joy River" in Afrikaans, runs through the reserve.

Our unique and beautiful reserve is in natural bushveld that contains

many forms of indigenous flora and fauna, such as: zebra, impala, wildebeest, bushbuck, duiker, kudu, baboons, mongoose, monkeys and an enormous variety of birds.

We never get tired of watching the kudu, zebra, bushbuck and impala coming into our gardens to eat the grass and flowers!

Here we will have time to meditate and do ceremony together in the profound energies of the sacred mountain, Modimole, which translates as "God is here" in the local Shangaan language. This mountain gives a powerful transmission of primordial earth energy and can lift one's conscious awareness to new heights.

Modimole is situated directly on the Nilotic meridian, where underground caches of the precious metal gold in the earth located along much of its length. Its powerful energies are transformative as they hold those of the "dantien belly" of the earth's shushumna, or central meridian.

We will take in the exquisite natural beauty of the canyon in two ways:

- Drive along the rim of the canyon and gaze and meditate at a scenic lookout called "The Three Rondavels", which offers spectacular views—and some authentic, local curio shopping.
- Enjoy the Blyde River (translates as "Joy River") at the base of the canyon during our walks on the reserve.

We are also in close proximity to Acornhoek and the Seeds of Light projects, which we will be able to spend one day visiting.

SEEDS OF LIGHT—LOVE IN ACTION

[Seeds of Light](#) is a humanitarian project that Victoria co-founded with Leslie Temple-Thurston and Brad Laughlin in late 2000, as a response to the burgeoning AIDS crisis and its tragic effect on South Africa, particularly the children and adults of marginalized communities. Victoria has been intimately involved with developing and managing this project since its inception and continues to actively participate as a member of its Board of Directors.

There is no better way to share with you just how uplifting it is to participate directly in a project such as this than to introduce you to

some of the inspiring projects in our local township area, Acornhoek.

Our time in Acornhoek includes a visit to the Mapusha Weaving Cooperative where the women hand-spin, dye and weave beautiful african-inspired rugs and wall hangings.

And the "New Dawn" community center where Seeds of Light offers art classes to hundreds of local children each week.

FLIGHTS

Retreat participants are responsible for booking their own air travel to South Africa and need to arrive at Johannesburg International Airport (JNB) no later than November 6, 2018. The itinerary we suggest is to fly from the US to Johannesburg on either Delta or Virgin Atlantic Airlines because they provide the most direct routes. Europeans have several other airlines with direct flight options. We also highly recommend if you can afford the extra time and slight expense. that you plan to come one day early. This allows you to recuperate from the long flights and get over jet-lage. We are happy to book a room for you at the Parkwood Boutique Hotel for the extra night, if you let us know in advance.

Access our [online registration here](#). For questions about the trip, please contact: [Victoria](#) or [Sarah](#).
